Summary of Legislation: This bill makes it a Class A misdemeanor for an adult to knowingly, intentionally, or recklessly store or leave a loaded handgun or an unloaded handgun that is accompanied by ammunition in a location where the adult knows or should reasonably know that an unsupervised child is likely to gain access to the handgun if: (1) a child gains access to the handgun; and (2) the child violates the law concerning carrying a handgun without a license or uses the handgun to cause bodily injury to the child or to another person. The bill makes a repeat offense a Class D felony.

Effective Date: July 1, 2001.

Explanation of State Expenditures: A Class D felony is punishable by a prison term ranging from six months to three years or reduction to Class A misdemeanor depending upon mitigating and aggravating circumstances. The average expenditure to house an adult offender was \$20,700 in FY 1999. Individual facility expenditures ranged from \$14,936 to \$37,807. (This does not include the cost of new construction.) If offenders can be housed in existing facilities with no additional staff, the average cost for medical care, food, and clothing is approximately \$1,825 annually, or \$5 daily, per prisoner. The average length of stay in Department of Correction (DOC) facilities for all Class D felony offenders is approximately ten months.

Explanation of State Revenues: If additional court cases occur and fines are collected, revenue to both the Common School Fund and the state General Fund would increase. The maximum fine for a Class A misdemeanor is \$5,000. The maximum fine for a Class D felony is \$10,000. Criminal fines are deposited in the Common School Fund. If the case is filed in a circuit, superior, or county court, 70% of the \$120 court fee that is assessed and collected when a guilty verdict is entered would be deposited in the state General Fund. If the case is filed in a city or town court, 55% of the fee would be deposited in the state General Fund.

Explanation of Local Expenditures: A Class A misdemeanor is punishable by up to one year in jail. In addition, if more defendants are detained in county jails prior to their court hearings, local expenditures for jail operations may increase. The average daily cost to incarcerate a prisoner in a county jail is approximately \$44.

Explanation of Local Revenues: If additional court actions occur and a guilty verdict is entered, local governments would receive revenue from the following sources: (1) The county general fund would receive 27% of the \$120 court fee that is assessed in a court of record. Cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a court of record may receive 3% of court fees. If the case is filed in a city or town court, 20% of the court fee would be deposited in the county general fund and 25% would be deposited in the city or town general fund. (2) A \$3 fee would be assessed and, if collected, would be deposited into the county law enforcement continuing education fund. (3) A \$2 jury fee is assessed and, if collected, would be deposited into the county user fee fund to supplement the compensation of jury members.
